Mathematics Paper 1 and Paper 2 format based on SEAB 2026 PSLE Mathematics 0008. Questions are original practice questions, not official PSLE past-paper questions.

Volume of cubes and cuboids

P5 · Measurement

1. A cuboid has length 4 cm, breadth 8 cm and height 8 cm. Find its volume. [1]

A. 256 cm³

B. 257

C. 255

D. 258

2. A cuboid has length 11 cm, breadth 8 cm and height 3 cm. Find its volume. [2]

3. A cuboid has length 4 cm, breadth 6 cm and height 6 cm. Find its volume. [4]

4. A cuboid has length 9 cm, breadth 4 cm and height 2 cm. Find its volume. [1]

A. 72 cm³

B. 73

C. 71

D. 79

5. A cuboid has length 4 cm, breadth 6 cm and height 6 cm. Find its volume. [2]

6. A cuboid has length 12 cm, breadth 9 cm and height 6 cm. Find its volume. [4]

7. A cuboid has length 7 cm, breadth 8 cm and height 8 cm. Find its volume. [1]

- A. 448 cm³ B. 449
C. 447 D. 453

8. A cuboid has length 12 cm, breadth 9 cm and height 6 cm. Find its volume. [2]

Answer Key

Q	Section	Answer	Guidance
1	Volume of cubes and cuboids	A	256 cm ³ . Volume = 4 x 8 x 8.
2	Volume of cubes and cuboids	264 cm ³	Volume = 11 x 8 x 3.
3	Volume of cubes and cuboids	144 cm ³	Volume = 4 x 6 x 6.
4	Volume of cubes and cuboids	A	72 cm ³ . Volume = 9 x 4 x 2.
5	Volume of cubes and cuboids	144 cm ³	Volume = 4 x 6 x 6.
6	Volume of cubes and cuboids	648 cm ³	Volume = 12 x 9 x 6.
7	Volume of cubes and cuboids	A	448 cm ³ . Volume = 7 x 8 x 8.
8	Volume of cubes and cuboids	648 cm ³	Volume = 12 x 9 x 6.
